Status: Won't Fix (Infeasible)

NOTE: This issue tracker is not designed to request help; it is only for reporting issues and requesting features for the Google Analytics libraries.

The best place to ask questions about using and developing with Google Analytics APIs, libraries, and SDKs is on Stack Overflow. Make sure to use one of the following tags:

google-analytics — for general questions about Google Analytics.
google-analytics-api — for questions specific to one of the Google Analytics APIs.
