Can you provide the below requested information to better understand the issue: Android build Which Android build are you using? (e.g. KVT49L) Device used Which device did you use to reproduce this issue? Steps to reproduce What steps do others need to take in order to reproduce the issue themselves? How frequently does this issue occur? (e.g 100% of the time, 10% of the time) Expected output What do you expect to occur? Current output What do you see instead? Android bug report: After reproducing the issue, navigate to developer settings, ensure 'USB debugging' is enabled, then enable 'Bug report shortcut'. To take bug report, hold the power button and select the 'Take bug report' option. Note: Please upload the files to google drive and share the folder to android-bugreport@google.com, then share the link here. is...@gmail.com <is...@gmail.com>#5 Oct 8, 2016 12:14AM Android Version: 7 Device used: Nexus 5X Frequency: 100% Expected output: It should play the RSTP stream in Andorid 7 also. As it is played in earlier android version. Current output: It doesn't load RTSP stream and show 'Can't play Video' .In MediaPlayer also it is not playing. [Deleted User] <[Deleted User]>#6 Oct 8, 2016 12:19AM : My device: Nexus 6P made by Huawei, Nexus made by Motorola, Android version: 7.0 Frequency: 100%

VideoView play back of live video was working with release 6.0.1, now doesn't work.

E/MediaPlayer: error (1, -2147483648)

	Please provide bugreport as requested in <u>comment #2</u> to investigate this issue further.		
	is@gmail.com <is@gmail.com> #8</is@gmail.com>	Oct 17, 2016 06:49PM	:
	Please find complete bug info as follows:		
	Android build NBD90W		
	Device used Nexus 5X LG (Model LG-H791)		
	Steps to reproduce 1. On the Phone with Android 7.0 just open Local RTSP stream in VideoView it will say doesn't load RTSP stream and showorking in older versions 6.0 or less. 2. I also tried to play in MediaPlayer it doesn't player there as well.	ow 'Can't play Video'. Same is	
	Frequency 100%		
	Expected output: It should play the RSTP stream in Andorid 7 also. As it is played in earlier android version. Current output: It doesn't load RTSP stream and show 'Can't play Video' .In MediaPlayer also it is not playing.
