Status: New

Hi,
Can you provide the below requested information to better understand the issue:

SDK version
Which version of the SDK are you using?

Android build
Which Android build are you using? (e.g. KVT49L)

Device used
Which device did you use to reproduce this issue?

Steps to reproduce
What steps do others need to take in order to reproduce the issue themselves?

Frequency
How frequently does this issue occur? (e.g 100% of the time, 10% of the time)

Expected output
What do you expect to occur?

Current output
What do you see instead?

logcat output
See http://developer.android.com/tools/help/logcat.html. Copy and paste relevant sections of the logcat output into this issue.
Provide complete set of logs.

Android bug report
After reproducing the issue, press the volume up, volume down, and power buttons simultaneously. This will capture a bug report on your device in the "bug reports" directory. Attach this file to this issue.
Provide complete set of bugreport.

Note: Please upload the bug report and screenshot to google drive and share the folder to android-bugreport@google.com
